SYNOPSIS

Tiny’s inspirational journey teaches the importance of courage, perseverance and gratitude.

THEMES

(1) Tiny Snail **CREATES A GOAL** and a **PLAN** to achieve her goal. Tiny Snail’s goal is to reach the Maple Tree. Mother Turtle told her to “go a shorter distance first.” Tiny accomplishes her goal by traveling short distances everyday. She goes to the dandelions first, then the rock, & finally the tree.

(2) Working towards a goal can be difficult because setbacks often occur. When things don’t go the way you plan, you need **PERSEVERANCE**.

Tiny Snail perseveres because she does not give up. Tiny focused on one step at a time towards her goal (so she did not get overwhelmed), and when she met someone who was unhelpful, Tiny was not discouraged (she ignored Lazy Lizard).

(3) On the first page of the story, Tiny does not have much **SELF-ESTEEM**. She thinks she does not have the ability to reach her goal. Mr. Squirrel encourages her to try. Tiny discovers self-esteem means (a) having the courage to try, (b) believing in yourself when things get difficult, and (c) remembering to be good to yourself (say thank you to yourself or reward yourself for a job well done).

(4) It is easier to persevere and have good self-esteem if we have the right **ATTITUDE**. Tiny Snail has an attitude of gratitude! When Lazy Lizard is rude to her, she finds a reason to be grateful. If Lizard had not come along, Tiny might have been caught out in the sunlight. Being grateful helps Tiny Snail stay positive in every situation.
